

# How does this impact the people that doesn't have water?

People that doesn't have access water right next to them, they have to walk at least 30 mins to get water. This is important because these people go to the river to get water instead of getting an education.

The background of the slide features a stylized, layered mountain range. The mountains are depicted in various shades of dark blue and navy, creating a sense of depth. The peaks are soft and rounded, and the overall composition is minimalist and modern.

# How can we help these people?
